

GLA

Mercedes-Benz

City. Cross- City.

As much on the go as you. The new GLA is the ultimate companion for a versatile life.

The image shows the driver's perspective from inside a Mercedes-Benz GLA SUV. The dashboard is dark with a prominent horizontal light bar. The center console features three circular air vents and a large touchscreen display showing a 'Comfort' mode interface. The car is parked in a city street with modern buildings in the background.

Turns every zone into
a comfort zone.

The new GLA is equipped with everything that makes your drive even more pleasant. The interior combines sense of space, sportiness and materials at the highest level. As a result, the new compact SUV is more functional than ever before and always adapts to your needs.

Sporty from every perspective.

The progressive design gives the compact SUV dynamism and elegance, further boosted by the emphasis on surfaces.

Nice to meet you.

You can talk to MBUX any time: the multimedia system from Mercedes-Benz is innovative, intuitive and intelligent. And connects you with your digital world.

A man and a woman are standing in front of a car, looking towards the camera. The man is wearing a blue and white patterned shirt over a white t-shirt. The woman is wearing a light-colored jacket over a blue top. They are surrounded by several large, fluffy stuffed animals, including a brown one on the left, a white one in the foreground, and a white one with brown spots on the right. The background shows a car and a building.

Just climb aboard,

and the new GLA will support you in every situation. From the safety assistants to the operating system, which gets to know you better each time you interact with it. It adapts to your lifestyle and equally to the terrain in which you drive. Arrange a test drive now and get to know the new Mercedes-Benz GLA personally.

Ambient lighting.

Showcase the interior according to your personal preferences or current mood. The 64 colours of the ambient lighting create fascinating colour schemes, for example in the illuminated air vents, doors or the dashboard.

Ease of operation.

Revolutionary voice control, cutting-edge operating convenience and a new level of personalisation make the new GLA the state of the art. Operating a car has never felt so natural.

Widescreen Cockpit.

Keeping an eye on everything. The Widescreen Cockpit in the new GLA applies sharp definition to present information in a pleasantly clear manner. For simple and swift navigation through your car's menus.

Head-up display.

The best outlook for sporty driving enjoyment and an assured driving experience: the head-up display transforms your windscreen into a stunning digital cockpit. This means you always have a direct view of key information. Your full attention remains on the road and the traffic conditions in front of you.

Generous space concept.

Life needs space. The new GLA is well thought-out in every detail and offers even more functionality for any occasion.

MULTIBEAM LED.

Perfect visibility for you: the adaptive MULTIBEAM LED headlamps with individually controllable LEDs react to the traffic situation. Partial main beam masks out other road users without dazzling them. And the cornering light and active light functions illuminate the field of vision optimally so that you can detect hazards sooner.

50.8 cm (20-inch) AMG light-alloy wheels.

Self-assured. On and off the road. On 50.8 cm (20-inch) AMG light-alloy wheels, the new GLA is equally at home in the mountains or in the city.

Fore-/aft-adjustable second seat row.

Grows with your needs. The fore-/aft-adjustable second seat row.

Standard equipment and appointments.

Expressive, signature SUV design meets trailblazing technologies – and already in standard specification: the Mercedes GLA will thrill you immediately, for example, with the MBUX multimedia system or the seats trimmed with ARTICO man-made leather. Sophisticated driving assistance systems, such as Active Brake Assist, underscore the high standard of safety.

The Style design and equipment line.

With the Style design and equipment line your vehicle stands out from the standard equipment – with a high-quality appearance both inside and out. This includes additional features such as the specific and aerodynamically optimised 17-inch light-alloy wheels plus upholsteries and topstitching which are exclusive to the line.

The Progressive design and equipment line.

The Progressive design and equipment line substantially enhances your car. Added value you can see and feel. Enjoy high-quality technology and experience the unique, expressive SUV lifestyle. In addition, the line opens up further attractive combinations both inside and out – for example with the Leather package and Night package.

The AMG Line.

The AMG Line reinforces your vehicle's attractive sporty appearance both on the exterior and in the interior. The AMG bodystyling with AMG rear apron in a diffuser look and the diamond radiator grille, in particular, are exclusive features. The sports seats impress with optimal seating comfort behind the sports steering wheel finished in fine nappa leather and featuring a flattened bottom section.

DYNAMIC SELECT.

Just drive as you want to. At the press of a button, DYNAMIC SELECT offers different drive programs with setting options for the engine, transmission, chassis and steering, for instance. In “Sport” mode, the vehicle is more dynamic and in the basic “Comfort” mode its set-up is very balanced. “ECO”, on the other hand, places the emphasis on maximum efficiency and saves fuel and money.

4MATIC.

The new GLA roams free: the enhanced 4MATIC permanent all-wheel drive ensures the necessary traction, whatever the terrain or road conditions. Including snow or loose surfaces. This provides the new GLA with its outstanding off-road performance.

Not an SUV. An AMG.

Every Mercedes-AMG is a masterpiece in its own right, with an unmistakable character. What unites our performance vehicles and sports cars is their irrepressible sporting spirit. Their passion for top performance. It is generated at the point where engineering skill meets a very special attitude: the spirit of AMG. We believe that you have to keep on challenging limits in order to achieve new goals. We accept nothing as a given. Because limits are imposed by people, and it's also people who can overcome them. It's this attitude that enables us to achieve outstanding performance for the race track – and for the road.

Welcome to the world of AMG.

DRIVING PERFORMANCE

Opening times are:
on Friday and Saturday
from 10:00 to 13:00
and on Sunday, 9:00 to 13:00

Technical data.

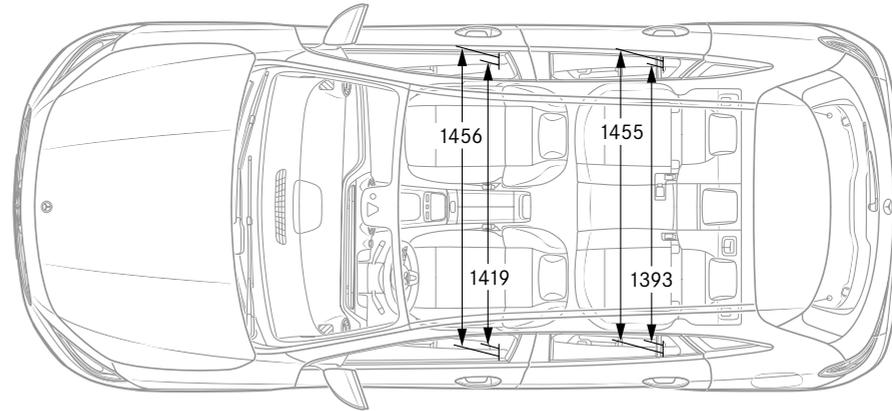

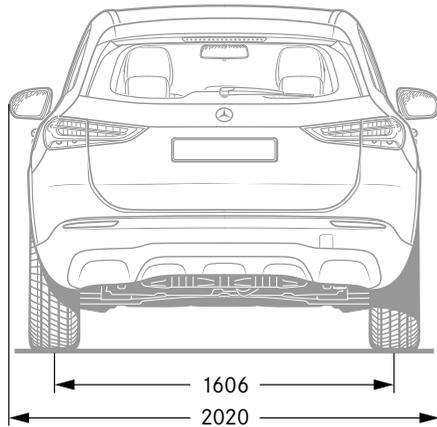

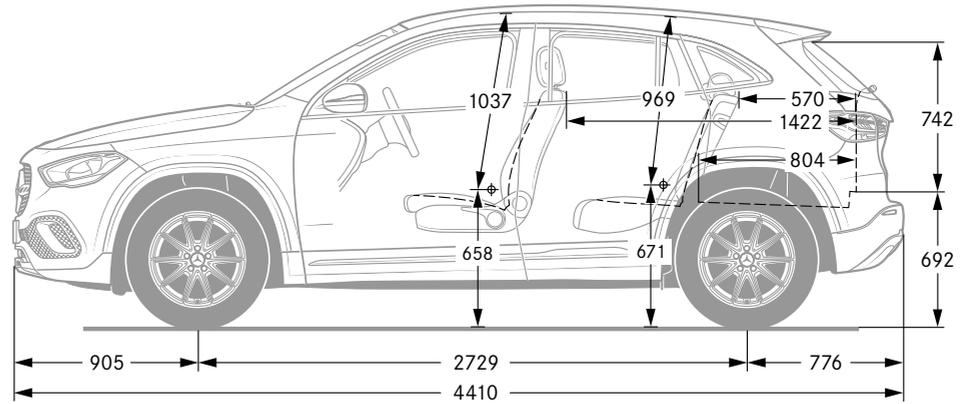

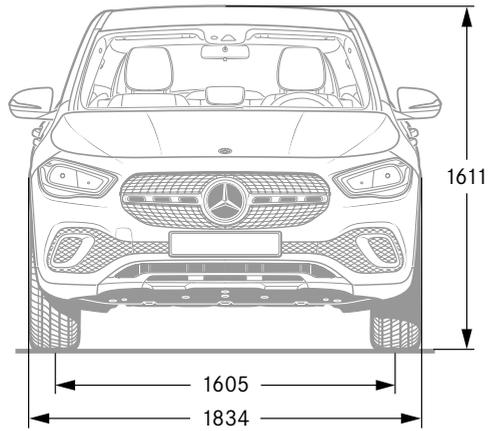

GLA 250 4MATIC 247.747	
L4	
Displacement (cc)	1.991 cc
Rated output ¹ (kW [hp] at rpm)	165 [224]/ 5.500-5.500 kW [hp] at rpm
Acceleration from 0 to 100 km/h (s)	6.7 s
Top speed (km/h)	240 km/h
Fuel consumption ⁴ (l/100 km)	
Urban	9,2-9,0 l/100 km
Extra-urban	6,0-5,7 l/100 km
Combined	7,1-6,9 l/100 km
Combined CO ₂ emissions ⁴ (g/km)	163-158 g/km
Emissions class ⁵ /efficiency class ⁶	D - C

The best for the engine:
Mercedes-Benz genuine engine oils.

¹ Information about the rated output according to Regulation (EC) No. 715/2007 in the currently valid version. ² Available temporarily. ³ Electronically governed. ⁴ The stated figures were determined according to the prescribed measurement method. They constitute the "NEDC CO₂ figures" pursuant to Article 2 No. 1 Implementing Regulation (EU) 2017/1153. Fuel consumption figures have been calculated on this basis. More information about the official fuel consumption and the official specific CO₂ emissions of new passenger cars is available in the publication entitled "Leitfaden über den Kraftstoffverbrauch, die CO₂-Emissionen und den Stromverbrauch neuer Personenkraftwagen" ["Guidelines concerning the fuel consumption, CO₂ emissions and electricity consumption of new passenger cars"], available free of charge at all retailers and from Deutsche Automobil Treuhand GmbH (www.dat.de). The figures are not based on an individual vehicle and do not constitute part of the product offer; they are provided solely for purposes of comparison between different vehicle models. The figures will vary according to the optional equipment selected. ⁵ Information only valid within the European Union. May vary from country to country. ⁶ Determined on the basis of the measured CO₂ emissions, taking into consideration the vehicle mass. Only valid for Germany. *Weighted electrical consumption (kWh/100 km)/Electric range (km): XXXXXXXX.

Further technical data may be found at

Dimensions.

All figures in millimetres. The illustrated dimensions are mean values. They are valid for vehicles in basic specification and in unladen condition.

SPORT — F O R — GOOD

Mercedes-Benz AG is one of the founding partners of the worldwide “Laureus Sport for Good Foundation”, which was established in 2000. It is the Mercedes-Benz brand’s most important social initiative. Laureus Sport for Good supports children and young people in need through social sports projects, opening up new perspectives and imparting important values such as team spirit, respect and determination. “Change the Game for Kids” is our mission statement which we wish to share with you.

Please note: Changes may have been made to the product since the editorial deadline on (10.12.2019). The manufacturer reserves the right to make changes to the design, form, colour and the product specification during the delivery period, provided these changes, while taking into account the interests of the seller, can be deemed reasonable with respect to the buyer. Where the seller or the manufacturer uses symbols or numbers to describe an order or the

subject of an order, no rights may be derived solely from these. The illustrations may show accessories and items of optional equipment which are not part of standard specification. For the definitive latest information, please contact your nearest authorised Mercedes-Benz AG dealer.
